This year, immigration restrictions were finally lifted, no more quarantine. All of the students who waiting to enter Japan and new students were able to come to Japan. The number of students is almost back to before corona.

However, the coronavirus has not yet subsided, and seems that it will take some time to return to our pre-corona daily life. Hopefully that people all over the world will return to their normal lives as soon as possible and that 2023 will be a wonderful year for everyone.

We continue to do our best to make next year better for our school and we still look forward to your support and encouragement.
